

Activity: A good ole yarn

Purpose:

To get the young people discussing the purpose of the group they attend. This could allow for greater ownership over the purpose of the group or a good way to kick off the start of a new term to gather their expectations.

What do you need? A ball of wool/yarn.

Get your group to stand in a circle. Hold the ball of wool and share about the opportunity to share their expectations of the group/organisation they attend. As a leader you hold onto one end and pass the ball of wool onto someone opposite you in the circle. Ask them to share their hopes/expectations for the group before they hold onto the string, and pass the ball of wool onto someone else. Ensure everyone has the opportunity to say something before you finish off. You might want to share from 1 Peter 2v9-10 about the purpose of gathering together as young people and learning together as we grow in discipleship.
