

Game: Cupside Down

Purpose: a game to work in two teams

What do you need: a load of plastic cups, preferably big & sturdy

Divide your young people into two teams. Give them half of the cups you have. Allow them to strategically place them around the room, they can spread them or place them in clumps. One group is aiming to have all their cups the correct way up, the other team is aiming to have all the cups turned down. Let them have a minute to set up the game and then commence! After a set amount of time, whoever has the most their way is the winner.

You can check out Youth Ministry Ideas which has a video of the game in motion: <https://www.instagram.com/youthministryideas/>
