

Game: Post It Note

Purpose: guessing game which can be done around a topic or just for fun

Give each person in your group a post it note. Ask them to write the name of a celebrity on it. You could make this more specific to follow a theme or around a Biblical passage.

Take all the post it notes in, mix them up and place one on each player's forehead, ideally it shouldn't be the one they wrote.

Take it in turns with each player asking the group questions to help them guess the name on their post it note. The questions should be Yes/No questions, like 'Am I a female?', 'Am I famous for sports?' or 'Do you see me on TV?'

As the player guesses they can remove their post it note!
