

**TO. CHURCH MISSIONARY
SOCIETY C.M.S
DIOCESE**

REF: AN APPRECIATION LETTER

Dear sir,

With honor and respect on behalf of the teachers, pupils and the entire community of Mongo Boma hereby forward our sincere thanks and appreciation to church missionary society on constructing a wonderful school which we could not be able to afford since the 25 years of civil war in Sudan.

Achievements

- ❖ We also give thanks to both Sudan People Liberation Movement and the national Congress party for signing the comprehensive peace agreement which has led to the construction of the school.
- ❖ Not only this the construction of the school helped to re-integrate the internal displaced people and the returnees Sudanese to share and learn experience from each other
- ❖ The construction of the school has resulted to regular turn up of pupils during rainy seasons in which we used to send them home because of classes leakage and wind blowing into the classes.
- ❖ Pupils are able to learn in a good health sitting environment e.g. organized classes, good latrines, bore hole and security of the school properties
- ❖ The construction of the school has reveled the existence of peace towards development
- ❖ Pupils are able to socialize freely with the nearest communities

Therefore, we praise you for the heavy burden you have lifted not only that are praying to God so that he can give you more power to help us in the future through other challenges that are there.

The following are the challenges.

- ❖ Lack of training for some teachers
- ❖ Lack of road that connects the school to the main towns
- ❖ Lack of pupils library

- ❖ Lack of transport for teachers for facilitating school activities with the main office
- ❖ Construction of a nursery school

Finally we appreciate John Faith and the entire community participation involvement for monitoring the construction of the school.

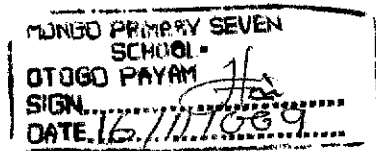

So may the almighty God bless you.

Best regards

Yours faithfully

Eva Lily Henry
