

5<sup>th</sup> January 2016

Dear Rector / Curate,

There is no doubt our culture has changed. Teenagers today are growing up in a world where everything is instant, disposable and focused on pleasure. As they develop their identity, build relationships and establish their character, the sexual landscape that surrounds them presents them with a confusing range of voices and opinions.

What can we do about this? Surely we have something to say that is different? Is there a better way?

**VERY EXCITING**

These are indeed challenging, but very exciting times. We would love you to come along to this special event where there will not only be scones and coffee, but where we will share our vision of EVERY with you.

We will present some of the resources we have available for you as you seek to engage with the important conversations about relationships and sex and we will highlight some specific ways that your church could support us.

**VERY SIGNIFICANT**

At Love for Life we believe that the Church has a very significant role to play in our culture today

**VERY BIG**

We have made some very big decisions that could have a significant impact on every young person across Northern Ireland

**EVERYTHING** has come to this. There is a better way.

Please join us as we share

**EVERY**

**Wednesday 20<sup>th</sup> January 2016**

**10.30am – 12pm**

**All Saints Parish Centre, Antrim**
