

Game: Team Rock Paper Scissors

Purpose: a good mixer for a group and to get young people to support one another to succeed

Explain the rules of rock, paper, scissors - just to remind everyone how to play!

Get everyone to pair up. Play through a round of rock, paper, scissors. Each pair will have a winner, who will go on to find another person to compete with & a loser who will become the supporter of the winner! The supporter's role is to cheer on their winner, shouting their name and cheering for them. So at the next round each winner will have one supporter, but if they win the next round, they get that person as a supporter & any supporters that person had too!

The game should finish between two players with lots of supporters cheering them on.
