# buildingblocks Webinars

Lucie Hutson, founder of [Muddy Church](#) (click here), will introduce us to wandering and wondering with God. Simple, muddy and theologically profound, Lucie opens up possibilities for connection – with God, with others, with ourselves and with Creation – all in our own neighbourhoods.

Melanie Lacy, the director of theology for children's and youth ministry training at Oak Hill College will equip us to be confident, well resourced leaders with thriving ministries despite the constant changes and restrictions.
