

## Can you put the pictures of King Solomon in the right order and retell the story?

1. King Solomon prayed 'Help me be a wise King and rule my people well.'

2. Two mothers had a problem. One of their babies had died but they both said their baby was the one still alive.

3. King Solomon said, 'Cut the baby in half and take half each.'

'No!' shouted one of the women.

'I will give my baby to her, so that it won't die.'

4. King Solomon knew now who was the real mother and gave her back her baby.
